Nice—View from Castle. To the S.E. of the town rises the Castle Hill, 305 feet high, and formerly crowned by a castle which was destroyed in 1706. At the top of the hill is an artificial waterfall, and here we get a fine view of the town and of the Alps. The south slope is called the "Hat-robber," owing to the sudden gusts of wind.

"The WIDE-WIDE-WORLD" Series. NICE.
